## I. Preparation of the wintering campaign 2020\_2021

### I.1. Financing of agricultural production

The development of expressions of need for the financing of agricultural inputs for the 2020/2021 wintering campaign is continuing. Awareness tours and networking with service and financial providers are organized at the level of delegations, in collaboration with the managers of the Producers, for a better preparation of this current campaign wintering.

Are collected and transmitted to the agency of La Banque Agricole de Matam (as of June 17, 2020), 137 credit files for an amount of **714 696 266 F CFA**, corresponding to an area equal to **3,738.62 hectares**.

Regarding the credit monitoring of the 2019/2020 wintering campaign, the reimbursement, as of June 18, 2020, is 57%. The first credit committee being scheduled in the coming days, according to the LBA, no file will be studied if the repayment rate is not greater than 80% (*LBA / Matam, Weekly Monitoring 17-06-2020, Matam Delegation*).

In Dagana, on 06/11/2020, are filed with LBA agencies, **84 files** request for credit for an amount of **290 688 418 F CFA** thus corresponding to an area of **894.09 hectares**.

In the Lac de Guiers delegation, the expressions of credit needs, filed with the LBA / Richard-Toll agency, are assessed for an area of **739.88 ha**, an amount estimated at **176 451 577 FCFA**

In Podor, the expressions of need, for the financing of the production identified to date, amount to **121 files**, or an area equal **2,912.33 ha** for an amount of **765 921 474 FCFA**.

In Bakel, Funding requests are collected and transmitted to financial institutions, they relate to **12 669 248 F** that is **26 ha**, broken down as follows: (LBA for **14.5 ha**, that is **4,571,968 F**; CMS for 11.5 ha, i.e. an estimated amount **8 097 280 F**)

### I.2. Development forecasts (An3 LM12)

The objectives of sowing are estimated at 46,130 hectares of which 40,000 hectares are reserved for rice cultivation, ie 87%.

Cultivation methods continue timidly in almost all production areas as well as seedlings and will accelerate in the coming weeks.

Fertilizer requirements, both for rice and for other crops, are assessed according to development intentions and by drop point at the level of each delegation.

In Podor, according to development intentions, the fertilizer needs for rice development are estimated at 1,763.41 tonnes (T) for Urea and 587.80 T for DAP.

In Bakel, in accordance with the forecasts in the Mission Letter (LM12), the estimated needs are 175 T for urea, 50 T for DAP and 60 T for seeds.

In Matam, for all speculations combined, the estimates amount to 2748 T for Urea, 849 T for DAP and 106 T for 15-15-15 fertilizer.

## II. The Hot Dry Season 2020:

### II.1 Financing of agricultural production:

LBA Zone Nord credit committees (1<sup>er</sup> and 2<sup>th</sup>) met, based on expressed needs of the order of **10.374 Billion F CFA** (equivalent to **27,066 ha**), the financing program selected by La Banque Agricole for the 2020 Hot Dry Season is **8.951 billion CFA francs** corresponding to an area of **23,975 hectares (Source: LBA / Zone Nord, 2020).**

In Bakel, the program adopted by La Banque Agricole to finance production is **1 425 388 F CFA** corresponding to an area of **six (06) ha (Source: LBA / Zone Est, 2020).**

Out of 14 files filed with the Matam CMS for an amount of **50 614 207 F CFA** corresponding to an area evaluated at **255.70 ha**, all are retained, i.e. a rate of 100% of the requests received (**Source: Weekly Tracking, Matam Delegation**).

## II.2. Development forecasts (An3 LM12)

The development forecasts for SSC 2020, for the third year of implementation of LM12, are revised downwards and, they on 54,815 hectares of which 91% (50,000 ha) reserved for rice cultivation.

Harvests are continuing throughout the Left Bank of the Senegal River. Yield surveys, for estimating the rice production, are underway in the delegations.

## III. The Cold Dry Season 2019\_2020:

### III.1. Financing of agricultural production:

1<sup>er</sup> La Banque Agricole's credit committee (LBA / North Zone) met from 02 to 04 October 2019 in Matam, and the financing selected, for this Cold Dry Season 2019-2020 campaign, concerns an amount of **2.124 billion CFA francs**, corresponding to an area of **2,244 hectares (Source: LBA / Zone Nord, 2019).**

The LBA credit committee (EST network) met on October 10, 2019 and the funding selected relates to an amount estimated at **11 714 862 F CFA**, that is to say an area equal to **23.62 ha** (LBA-East Zone).

In addition, the CMS regional committee met on November 5 and decided to finance the Kollangal locker up to **5,251,024 FCFA**, i.e. an area of **10.28 ha** for the Onion speculation (*Weekly Monitoring Nov-19, Bakel Delegation*)

### III.2. Development forecasts and achievements (Year2 LM12):

Forecasts remain dominated by onion, industrial tomato and corn with respectively 41%, 20% and 17% of the revised development targets.
